Re: Withdrawal of Tentative Approval, Amendment to add Millsite area, Bonneville Quarries, Inc.,  
Lynn Springs Quarry, M/003/025, Box Elder County, Utah.

Dear Mr. Bown:

On February 6, 2001, you submitted a Notice of Intension to revise your Lynn Springs Quarry by adding a processing area on BLM lands. The Division issued tentative approval of this amended Notice on April 11, 2001. Before final approval could be granted, you were requested to revise your reclamation surety to include the new area, and receive BLM approval for the project. On July 3, 2002, the BLM sent a letter denying your request, and established an appeal process. The appeal process has now expired, and the Division is not aware of any appeal made. Therefore, the Division also *withdraws* our April 11, 2001 tentative approval of the revised Notice.

As always, you have the right to appeal this decision by contacting the Division in writing within 10 days of receipt of this letter. You may also re-apply for this amendment at any time in the future should the BLM decide to grant you permission to use their lands for this purpose.

Please contact me at (801) 538-5310 if I can answer any questions in this regard.

Sincerely,

Lynn Künzler  
Senior Reclamation Specialist
